DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claim 1, line 6, “a motor” is indefinite since there is no previously recited basis for the sewing machine having such a motor.

Re claim 24, the term “a threading mechanism” is indefinite since there is no previously recited basis in the claim for such a mechanism.

Conclusion

In no event,
